Gen. Collier a Candidate.
THE RECORD asked Gen. D. R. Collier if there was any truth in the report that he would be a candidate for the state senate. He said that many of his friends had prevailed upon him to make the race, and he had concluded to do so. He will go into the fight to win. No one is more widely known or more popular in the district than Gen. Collier, nor has anyone done more hard work for the republican party.

Nothing in Anything.
Lawyers say there is nothing in their profession any more. Doctors say there is nothing in theirs. Grocers, dry goods merchants, hardware dealers, harness makers, shoe makers, chinaware dealers, clothiers, hotel men, druggists, livery men, furniture dealers, declare there is nothing in their business. There seems to be no profit in anything, says an exchange. It is up to the preachers and editors, and blessed are they who expect nothing for verily that's what is coming to them.

Wined and Dined.
The Red Men, of Stanford, put the big pot in the little one last night, by giving one of the swellest banquets of the season. Members were present from many neighboring towns, and good cheer and oratory reigned supreme till the early hours of this morning. Those who attended from Lancaster lodge were G. B. Swinebroad, Wes Zanone, Dr. Kinnaird, Bob Davidson, Dr. Wesley, Ed Perkins, Geo. Smith, Will Collier, Ed Ross, Will Hamilton, J. N. Vanhook, Will Hill, Swartz Bishop, J. D. Baker and Mack Petty.

281 From 1 to 5.00.

That might be a riddle or an invitation to a church fair, but it isn't. It's a concise way of calling public attention to the fact that The Royal Tailors, of Chicago, have authorized us to reduce prices on 281 Fall and Winter Patterns all the way from \$1 to \$5 per suit—and we've done it! Our prices on this high grade tailoring were very low before, but now they afford absolutely the best investment a man ever made in the way of dress. Come and see these patterns; we have them all; costs you nothing to look and but little to buy—and our guarantee is your safety-valve.

[And here's a friendly tip: They won't last always.] J. C. Hemphill.

Proud Of His Country.

Judge Sauley appointed Judge M. D. Hughes, M. F. Rout and Sterling Davis jury commissioners and instructed them to select the names of 250 "sober, discreet" men to fill the wheel. Judge Hughes jokingly asked the court where he must go to find that many "sober, discreet" men. "Why, to Lincoln county, of course," replied Judge Sauley, "We don't have any other kind over there."

This is Gospel Truth.

There are a good many things to add happiness and sunshine to a man's life as he travels through this benighted vale of politics and cucumbers, but there is nothing that soaks a man's system so full of ethereal calm and benignity as the smile of the man who always looks on the bright side of everything. When the chronic grumbler dies, humanity feels as though it has a good joke on the devil, but when the man of perennial sunshine passes away, the selfish world stops, for a moment and drops a tear on his grave—Prowler in Winchester Democrat.

Death of Mrs. Scott.

After a lingering illness, Mrs. Todd Scott died at her boarding house in this city Tuesday evening, about six o'clock. She was a sufferer from consumption, and recently sold her farm near Marksbury, and moved to town hoping to profit in strength by the change. She was Miss Alice Route, married several years ago, and has always resided near the Fork church, in this county. She was a member of one of the most widely-known and popular families in this and adjoining counties, and was beloved by all who knew her. She was a consistent member of the Baptist church, and always ready to do a kindness for those in need. Funeral services were held at the Lancaster Cemetery yesterday afternoon, conducted by Rev. Mr. Copass, of the Fork church, in the presence of a large number of friends.

Cure for Cigarette Smoking.

"The laying on of the hands" is said to be a cure of the cigarette habit if attended to at the proper time, says the Winchester Democrat. The left hand should be placed on the youngster's neck with a gentle, but firm pressure downward and forwards. Bring the urchin in a proper attitude over the parental knee, then apply the right hand where it will do the most good. Two or three treatments will generally effect a cure.

Death of Little Kathleen.

Somerset Journal:—Lovely little Kathleen Richardson is dead! Ill, but oh, so ill, only a few hours, with the dread monster scarlet fever. Plucked as a beautiful bud of promise from the parent stem by a passing angel and borne away upon a bosom pure into the home of the gentle, loving Savior to add another precious jewel to the myriads of "His loved and His own." The bereaved and desolate father and mother, Mr. and Mrs. Charlie Richardson, of this city, have our deepest and sincerest sympathy. For consolation they may anchor safely 'neath the Rock of Ages.

She was a member of the Baptist church, and a woman of noble character. She leaves her husband and four children to mourn her loss. Funeral services will be held at the Lancaster Cemetery this afternoon, conducted by Rev. Mr. Woolford, of the Baptist church.

To The Ladies.

Although the season is growing late we still have in stock elegant lines of dress goods, shoes, underwear, blankets, comforts, and in fact everything to be found in an up-to-date store. We are satisfied you will agree with us that these goods are as good as can be bought in the cities, and that our prices are marvelously low. It is our rule to sell out everything, and carry no goods over, so a call at our store will reveal many rare bargains such as you little expect to find outside the cities. We prove all our assertions, and advertise nothing that we do not carry out to the letter. J. Joseph.

An Empty Menace.

The following, from the Greenville News, should be perused by some of the Lancaster pistol toters who go about armed to the teeth, fearing a bear will catch them: "When a man carries a pistol constantly, slipping it into his pocket every morning and taking it out at night; feeling its constant pressure against his body—these things tend to familiarize his mind with the idea of killing and lowers his conception of the sacredness of human life. What does a man carry a pistol for? To shoot some other man with. The miserable thing is made expressly to kill human beings with, it has no other earthly purpose. What a hardening effect it must have, then, upon the conscience and heart of a man who carries it constantly in his pocket and lives in daily contact with it, and with the idea it constantly suggests to his mind."

Respectfully, Mrs. Martha Anderson.

Children's Meeting.

Dr. McKee will preach to the children at the Presbyterian church next Sunday morning at 10:30 o'clock. He also invites all the older folks to come. In making his announcement last Sunday, he said he had received poor encouragement in Lancaster in holding these children's services, and if next Sunday's meeting proved a failure he would try it no more here. No minister has been more successful in preaching to children than has this beloved man of God.

Immediately after the ceremony, they will be driven to Danville, where they take the Queen & Crescent through train for Atlanta. They will spend a few days there, and probably visit other points of interest before returning to Lancaster. The wedding will be a quiet affair, only immediate relatives and a few friends being present.

Well Known to Other Citizens.

Speaking of Spencer G. Dabney, whom many of our older citizens remember well, ex-Governor Bradley said to a reporter of a Cincinnati paper: "He was the most accomplished anecdotist and raconteur I ever heard. He increased his stories in the warp and woof of his own imaginative and intellectual brain. He had been a soldier, lawyer, poet, scholar, orator, politician and was the first drummer, or traveling men as they are now designated. He was too versatile, as men of genius are oftentimes, and the sum total of his life was a failure, as far as making a fortune or enduring fame in one pursuit, but in his lifetime he afforded entertainment and pleasure to thousands of people, who, when he died, in their hearts said peace to his kindly soul. He was buried in an untouched grave on the mountain top overlooking Jacksonboro, Tenn., and the traveling men of America should have a monument erected to his memory as the first of their line."

By a vote of 166 the House passed the Army Reorganization Bill. Sav. that two Democrats voted for it and one Republican against it, it was passed by a strict party vote. The most important amendment to the bill was one that abolishes the army canteen. The effort to retire Shafter as a Major General and Wilson and Lee as Brigadier Generals failed.

Tabler's Buckeye Pile Ointment has been thoroughly tested for many years, and is a positive cure for this most distressing and embarrassing of troubles. Price 50c in bottles, Tubes 75cts. C. C. & J. E. Stormes.

Kentucky evidently does not strike the black immigrant as a place to live. The annual report of the Commissioner General of Immigration shows that 306 immigrants went to Kentucky last year. Seven hundred and fourteen Africans came to this country, but not one stopped in Kentucky, although the blacks scattered out pretty well throughout the country. Sixty-five Germans located in Kentucky. Seventy-two Hebrews selected the Bluegrass State as a permanent abiding place and forty Japanese preferred Kentucky to any other State. Thirty-nine Italians located in Kentucky last year. Thirty-four of the immigrants to Kentucky were skilled mechanics and one had a profession. The remainder made up the list of unskilled laborers.

When you need a soothing and healing antiseptic application for any purpose, use the original DeWitt's Witch Hazel Salve, a well known cure for piles and skin diseases. It heals sores without leaving a scar. F. P. Frisbie.

For a month before marriage and a month after death, a man regards his wife as an angel.

Don't use any of the counterfeits of DeWitt's Witch Hazel Salve. Most of them are worthless or liable to cause injury. The original DeWitt's Witch Hazel Salve is a certain cure for piles, eczema, cuts, scalds, burns sores and skin diseases. F. P. Frisbie.

Herbine will tone up the stomach, regulate the liver, where other preparations only relieve. Price 50 cents. C. C. & J. E. Stormes.

It always takes two to make a quarrel. Where there's a will there's a way.

Among the tens of thousands who have Chamberlain's Cough Remedy for colds and la grippe during the past few years, to our knowledge, not a single case has resulted in pneumonia. Thos. Whitfield & Co., 240 Wabash avenue, Chicago, one of the most prominent retail druggists in that city, in speaking of this, says: "We recommend Chamberlain's Cough Remedy for la grippe in many cases, as it not only gives prompt and complete recovery, but also counteracts any tendency of la grippe to result in pneumonia." CONGRESS will doubtless order another big batch of war ships. This is probably a good move. In these days, when so many little Alecks "rubber-neck" into the management of the nation's affairs, it is well enough for Uncle Sam to go armed, as there is no telling when he will get into a fight. We have often heard our father, the late Gen. Landram, say that he never knew a man to go where he had no business that he did not, invariably, get into trouble. This same supposed rule will apply to a nation as well as to a person. Uncle Samuel has, of late, shown a disposition to get off his "beat," and the first thing the old knows, he will get a scrap on his hands that will give him a fight for his life. When a man goes on a hunt for trouble, he had best go prepared.

THE "Prowler," of the Winchester Democrat, is evidently a single man, or he would not be brave enough to say this: "Before a man is married he is a dude; after marriage he is sub-

dued. Before marriage he has no buttons on his shirt; after marriage he has no shirt. Before marriage he swears he would not marry the best woman on earth; after marriage he finds he hasn't."

AMONG the many novelties referred in the January number of the Delineator "is a very simple device whereby any corset can be fitted with three strings." This may prove very popular, but it will never supply that indescribable joy women experience when the corset is held together by a strong, masculine arm.

We have often heard of the horse that swam a river to get a drink out of the old familiar spring, but down in Mason county last week a cow jumped into a stream to get a drink.—Winchester Democrat.

Phaw, that's nothing. We've of ten seen the time when we would swim the Mississippi river to get a drink.

A CINCINNATI girl is to marry Count de Chambrun, of Paris. The price is not stated. Some newspapers will never learn that a sale is not worth reporting unless the figures are given.

THE government has decided to allow no more transports to begin a voyage on Sunday. Its remarkable how religious nations and people become, when it requires no sacrifice.

The question of spontaneous combustion of hay has recently been investigated by one of the officials of the Weather Bureau, who states that fermentation within most hay may raise the temperature to 374 degrees F, at which temperature clover hay will ignite. The best preventive to spontaneous combustion is a rapid and complete ventilation by which the oxidation and fermenting substances are kept cooled down below the point of ignition.

The more quietly cows are kept the greater will be the flow of milk. What a grievous mistake a man makes by starting his boy to the pasture with the cows, with two or more dogs following. It is absolutely necessary to keep cows quiet as it is to keep them warm and dry. Farmers, put this into practice and you will have to keep only two-thirds as many cows as you have been doing.

Experiments made by the Department of Agriculture have but confirmed hundreds of individual experiences to the effect that only large, heavy seed should be planted. Farmers frequently experience difficulty in obtaining a good stand of grain. Sometimes the seed comes up very unevenly, producing plants of uneven height and vigor. The weaker plants, if they grow to maturity, produce a smaller crop. Those seeds which were lacking in vigor, even though they may generate, may succumb to a sudden change of temperature, or a prolonged or a slight frost. The seedlings from heavy seed always show more vigor than those from light seed.

On last Monday night a barn containing ten head of fine horses belonging to Joseph W Bales, of Madison county, was burned. Among the horses consumed was the great saddle stallion, Lynn Boyd.
